## ABOUT ME

Full Stack Junior Developer, currently I'm working on a website from front to back-end. In the past I have worked on integration of services, and android apps development.

I have a passion for new challenges and learning new technologies.

Most of my work experience is in:

- ✓ Front-End Developer ( AngularJS, SCSS, HTML, Javascript, jQuery).
- ✓ Android Developer ( Xamarin and Android Studio).
- ✓ Development and integration of services (JAVA, SQL, C#, LINQ, SQLite)

## WORK HISTORY

### Full Stack Junior Developer

Jan / 2016 - Today

Front-End Developer using :

- AngularJS
- SCSS
- Javascript
- Play Framework
- HTML
- jQuery

Development and integration of services using:

- JAVA
- SQL
- Elasticsearch
- E-bean ORM
- REST

### Full Stack Junior Developer

Jun/2015 – Dec/2015
